STRENGTHS

- Compassionate Patient Advocate**
Always putting patients' needs first, transformed challenging situations into positive care experiences recognized by peers.
- Effective Communicator**
Instituted open dialogue with patients, fostering trust and easing anxiety during treatment processes and procedures.
- Collaborative Team Player**
Worked closely across various departments ensuring unified care approaches uplifted standard service provision.
- Lifelong Learner**
Continuously pursuing advanced courses has led to valuable specialization insights shared widely among healthcare professionals.
- Holistic Care Giver**
Taking time to address emotional wellness complements physical treatment, enhancing health for oncology patients I served.

SUMMARY

Dedicated Registered Nurse specializing in Hematology Oncology with over five years of experience improving patient care. Skilled in coordinating comprehensive treatment plans, educating patients on their conditions and therapies, and managing complex care procedures. Proven collaborative approach enhancing interdisciplinary teamwork for better patient outcomes. Passionate about holistic patient wellness through continuous education and community support. Eager to contribute strengths toward transforming healthcare experiences as part of an innovative team committed to excellence.

EXPERIENCE

Registered Nurse

Caregiver Services Group 📅 January 2024 - Present 📍 Elmhurst, IL

Lead coordinator for oncology patient care while designing tailored treatment plans and overseeing implementation. Work collaboratively with diverse medical teams and patient families, ensuring thoughtful communication throughout the care journey.

- Coordinate all care aspects for oncology patients, realizing custom treatment strategies effectively.
- Deliver comprehensive educational sessions on chemotherapy and radiation, detailing pre-and post-operative procedures.
- Collaborate seamlessly with interdisciplinary teams to promote superior patient outcomes.
- Manage symptoms during treatment protocols, providing timely triage assessments.

Registered Nurse

HealthWise Community Hospital 📅 June 2021 - December 2023 📍 Naperville, IL

Served prominently in a dynamic oncology unit, where personalization of nursing techniques fostered improved patient systems. Actively engaged with healthcare peers to share insights on current oncology practices and treatments.

- Provided individualized care to diverse oncology patients, ensuring clarity in education and effective symptom management.
- Participated in ongoing training, contributing expertise from studies on emerging trends in oncology care.
- Conducted meticulous patient assessments, creating collaborative care plans with healthcare admission specialists.
- Facilitated smooth interactions between patients and multidisciplinary team members for optimal treatment execution.

Nursing Intern

Wellness Health Center 📅 September 2020 - May 2021 📍 Chicago, IL

Gained practical exposure supporting registered nurses in core routines, thus consolidating foundational knowledge in patient assessment and oncology management processes. Active involvement in caregiver workshops contributed to enriched advocacy skills.

- Assisted nursing staff in performing thorough assessments, efficiently administering medications under supervision.
- Developed educational material aimed at optimizing awareness among patients undergoing oncology treatment.
- Actively participated in multiple workshops geared toward enhancing overall patient support strategies.
- Engaged with patients directly to provide comfort and assistance, reinforcing a supportive healthcare environment.
