SUMMARY

Motivated software developer with 3 years of experience in building, maintaining, and optimizing Java applications by effectively translating business needs into technical solutions. Proficient in core Java, Spring framework, RESTful web services, and enterprise-level solutions. Successfully collaborated with cross-functional teams to ensure timely project deliverables while adhering to coding standards. Known for fostering teamwork, mentoring junior developers, and driving initiatives that enhance application performance and user satisfaction. Eager to tackle challenges and contribute innovative ideas within a dynamic work environment.

EXPERIENCE

Junior Java Developer

June 2021 - Present

TechNova Solutions

San Francisco, CA

Contributing to the development and enhancement of internal business applications tailored for operations and support teams. Engaged in full software development lifecycle including design, coding, testing, and deployment of applications.

- Developed reusable Java components streamlining processes for various internal tools contributing significantly to daily operations.
- Implemented CRUD functionality improving user interactions reducing complexity across modules and enhancing user experiences.
- Collaborated actively with senior developers in code reviews, ensuring adherence to best coding practices and timely delivery schedules.
- Optimized existing codebases significantly increasing application stability while troubleshooting defects effectively.

Java Developer Intern

January 2021 - May 2021

BrightTech Innovations

Remote

Assisted in developing modular Java applications focusing on enhancing system performance and user interfaces with practical exposure to real-world projects.

- Worked with microservice architecture utilizing REST APIs to improve app communication efficiency among services.
- Participated in agile team meetings to facilitate seamless project workflows ensuring timely task completion.
- Engaged in unit testing using JUnit identifying bugs early reducing overall fix costs during later stages.
- Wrote documentation enhancing code reliability and maintainability helping new developers orient easily.

PROJECTS

E-commerce Application Development

December 2022

Crafted a comprehensive e-commerce platform using Java and Spring Boot enabling seamless user navigation and interaction through responsive front-end design and robust backend integrations. Implemented secure payment processing features fortifying user transactions against threats.

LEADERSHIP & AWARDS

- Recipient of University Excellence Award for outstanding academic achievement in Software Engineering.
- Received TechNova Solutions Champion Recognition for exceptional contributions during the internship program.

EDUCATION

Bachelor's Degree in Computer Science

2022

University of California, Berkeley GPA: 3.7

Berkeley, CA

Coursework: Data Structures, Software Development, Web Technologies, Object-Oriented Programming

CERTIFICATIONS

- Oracle Certified Professional, Java SE 11 2022
- Spring Framework Certification 2023

TECHNICAL SKILLS

- **Java Development Tools:** Eclipse, IntelliJ IDEA, NetBeans
- **Version Control Systems:** Git, SVN, Mercurial
- **Database Management:** MySQL, PostgreSQL, Oracle
- **UI Frameworks:** Thymeleaf, JSP, JavaFX
- **Methodologies:** Agile, Scrum, Waterfall
- **Testing Frameworks:** JUnit, Mockito, TestNG
- **Deployment Tools:** Docker, Kubernetes, Jenkins
- **APIs:** REST APIs, SOAP APIs, GraphQL
- **Development Paradigms:** Object-Oriented Programming, MVC, Microservices

SKILLS

- Java
- Spring
- RESTful Services
- SQL
- JPA
- JUnit
- Agile Methodologies
- Maven
- Git
- Microservices
- XML
- SOAP
- JSON
- Caching
- Code Reviewing
- Performance Optimization

PROFESSIONAL AFFILIATIONS

- Member of IEEE (Institute of Electrical and Electronics Engineers), participating in technical workshops and seminars.
