SUMMARY

Dynamic Senior Java Developer with 12+ years of experience in creating and optimizing enterprise-scale applications. Specialized in core Java, data structures, and cloud services using Azure for backend solutions. Expertly develop Spring Boot microservices and oversee RESTful API implementations. Champion performance optimization initiatives and modernization of legacy systems. Collaborate closely with architects, QA teams, and stakeholders, driving a culture of agile development that fosters teamwork and innovation. Passionate about mentoring junior developers and enhancing overall system architecture to create high-performance platforms.

EXPERIENCE

Senior Java Developer

Tech Solutions Inc. 📅 June 2021 - Present 📍 Chicago, IL

Lead the design and development of Java microservices using Spring Boot and Azure cloud, effectively enhancing system performance and scalability.

- Architect complex applications, integrating relational and NoSQL databases into distributed systems.
- Implement robust REST APIs, ensuring seamless interaction within various environments.
- Conduct code reviews and technical decision-making processes, fostering knowledge sharing among team members.
- Drive refactoring and performance enhancement initiatives, optimizing existing Java applications.

Java Developer

Innovative Tech Ltd. 📅 March 2017 - May 2021 📍 Remote

Contributed to multiple projects focused on building responsive and efficient Java applications while ensuring best practices within a collaborative team setting.

- Developed web services using Spring technologies, resulting in increased application responsiveness.
- Participated actively in Agile ceremonies fostering clear communication and project milestone tracking.
- Collaborated with cross-functional teams to identify areas for performance improvement in high-traffic applications.
- Mentored new hires, helping them adapt quickly and efficiently contribute to project goals.

Junior Java Developer

NextGen Digital 📅 January 2013 - February 2017 📍 Chicago, IL

Supported senior developers in project phases ranging from requirement analysis through deployment, enhancing programming skills and contributing to impactful project outcomes.

- Built key components of software applications following detailed specifications aligned with industry standards.
- Engaged in thorough testing processes prior to deployment, ensuring application stability and usability.
- Assisted in transitioning monolithic systems into microservice architecture, improving maintainability.
- Actively participated in brainstorming sessions aimed at refining workflows and advancing project results.

PROJECTS

Cloud Migration Initiative 📅 July 2022

Steered the migration of core applications to Azure, optimizing resource utilization and infrastructure reliability, which enhanced service availability.

API Optimization Project 📅 December 2021

Led a focused effort to improve API response times by over 20%, resulting in better user experiences and reduced server load.

LEADERSHIP & AWARDS

- Recognized as Employee of the Year for outstanding contributions to the development team at Tech Solutions Inc. in 2022.
- Received Excellence Award at Innovative Tech Ltd. for innovative solutions in software development during 2020.

EDUCATION

Master's Degree in Software Engineering

University of Illinois at Chicago 🎓 GPA: 3.8 📅 2015 📍 Chicago, IL

STRENGTHS

👥 Collaboration

Foster teamwork across departments, often bridging gaps between developers and non-tech stakeholders to align project goals.

★ Leadership

Mentor and guide junior developers, empowering them to achieve their career goals and enhance their skills.

💡 Problem Solving

Effectively troubleshoot complex issues adhering to tight deadlines while maintaining project quality.

⚙️ Technical Proficiency

Demonstrate strong grasp of design patterns and frameworks, enhancing code quality and efficiency.

⚡ Agile Practices

Advocate for and implement Agile methodologies, improving iterative development and team responsiveness.

MY CAREER

● Senior Java Developer at Tech Solutions Inc. (4.6 Years)

● Java Developer at Innovative Tech Ltd. (4.2 Years)

● Junior Java Developer at NextGen Digital (4.1 Years)

Coursework: Object-Oriented Programming, Cloud Computing, Data Structures, Agile Methodologies

Bachelor's Degree in Computer Science

University of Illinois at Chicago 🎓 GPA: 3.6 📅 2012 📍 Chicago, IL

Coursework: Web Development, Database Management, Software Development Life Cycle, Systems Analysis

CERTIFICATIONS

- AWS Certified Solutions Architect 📅 2022
- Oracle Certified Professional, Java SE 11 Developer 📅 2021

TECHNICAL SKILLS

- **Programming Languages:** Java, SQL, JavaScript
- **Frameworks:** Spring Boot, Hibernate, Angular
- **Database Technologies:** MySQL, MongoDB, PostgreSQL
- **Cloud Platforms:** Microsoft Azure, AWS, Google Cloud
- **Build Tools:** Maven, Gradle, Ant
- **Version Control:** Git, GitHub, Bitbucket
- **Testing Frameworks:** JUnit, Mockito, AssertJ
- **Containerization:** Docker, Kubernetes, OpenShift
- **Development Methodologies:** Agile, Scrum, Waterfall
- **Technical Documentation:** Swagger, Javadoc, Confluence

PROFESSIONAL AFFILIATIONS

- Member of the IEEE Computer Society collaborating on technology research topics.
- Active participant in local coding boot camps, dedicated to supporting aspiring developers.
